

Bantom Global Industries

Manufacturing Engineer

Detroit, Michigan

Bantom Global Industries, Inc. is a premiere contract manufacturing supplier focusing on green technology solutions. Our objective is to create the precision “One Stop Shop program” and assist design engineering houses and others with their marketing campaigns, manufacturing and distribution, logistics and transporting, installation and preventative maintenance monitoring. All areas of operation will remain under one roof providing excellent client/customer service with utilizing the JIT (Just in Time) method to avoid an abundance of inventory and delay in product. The facility will be headquartered within the city of Detroit Michigan to supply, produce and provide alternative/renewable energy products and solutions. The main goal is to provide our customers with exceptional quality, unparalleled customer service, competitive pricing while becoming the number one supplier of alternative/renewable energy products. We invite you to learn more about our company online at: www.bantomglobalindustries.com.

Manufacturing Engineer will have experience in the following to be reviewed for this position.

Machining, CNC, Lean Manufacturing, Six Sigma Black or Green Belt, Continuous Improvement, Kaizen, Process Improvement, PLC programming and writing. Demonstrated ability to show continuous improvement throughout a manufacturing facility. Must be able to work by yourself and equally as well with a team. Contribute and let your ideas be heard. This is a full time job with full benefits.

All interested candidates are asked to submit a copy of your resume MS Word format as an attachment.
