

## Enhance the Main Street in Your Town Use H2O Labor Saver Year Round

Eckert's Greenhouse is proud to introduce the H2O Labor Saver hanging plant container. As one of the largest plant retail growers in Michigan, established in 1957, we provide custom growing for several local municipalities, hospitals, and universities. Our experience tells us what it takes to keep flowering baskets beautiful and productive all season long. H2O Labor Saver offers you the following:

- **23" outside diameter**
- **48 to 55 lbs in weight** (soil, water and plants)
- **2.46 gallon water reservoir**
- **Overflow feature to prevent over watering**
- **Removable liner insert** (holds 1645 cubic inches of soil)
- **Year round usage** (withstands heat to 220 degrees and cold to 40 below)
- **Available in black and sand** (includes UV protection, made of HMWPE)
- **Drain plug included**
- **Black plastic chains** (HDPE) or heavy duty swivel hooked hanger
- **Adaptable Pole Mounts available** (sold separately)

### Proven Design Technology

Established plants are nourished when root moisture absorption occurs. Therefore, only requiring watering every 3 to 4 days.

The **H2O Labor Saver** is offered exclusively by Eckert's Greenhouse. For further information on this product please contact us.
