

ECT - CURE & PENETRATING SEALER (CPS)

EVERLAST CONCRETE
TECHNOLOGIES

ADVANTAGES OF USING ECT-CPS AS A CURE & SEAL:

- ONE time application
- Penetrates deep into the concrete and seals all pours bellow surface
- Virtually eliminates freeze/thaw damage
- Greatly diminishes permeability
- Restricts vapor transmission
- Decreases acid/chemical penetration
- Decreases Rebar corrosion
- Integrally densifies concrete surface
- Improves surface traction quality
- Enhances surface abrasion resistance
- Improves surface bond quality
- Increases dusting resistance
- Virtually eliminates efflorescence

INSTALLATION:

ON NEW CONCRETE AS CURE AND SEAL - Apply ECT-CPS using a low pressure non-atomizing spray, such as a pump tank sprayer, or cure slurry pump. Ideally, ECT-CPS as a cure & seal should be applied as soon as it is practical, following surface finish. However, where surface is to be walked on, before application, concrete should be allowed time to adequately harden. Minimum coverage rate as a cure is 200 square feet per gallon of product.

ON EXISTING CONCRETE AS A PENETRATING SEALER - The concrete surface should be bare with out any sealers, paint or any obstruction for the ECT - CPS to work as intended. ECT -CPS is applied using a medium to high-pressure airless sprayer with fan spray nozzle. Apply at a minimum coverage rate of 200 square feet per gallon of full strength product. All applications should begin at the lowest point - apply from the bottom up on walls or steep slopes. Overlap spray patterns 10-15 %.

CAUTION: INHALATION: Certain individuals may be sensitized and experience minor nausea or headaches. Remove individual to fresh air. If symptoms persist, seek medical attention. **SKIN AND AGE CONTACT:** Wash or flush with water. If irritation persists, seek medical attention. **INGESTION:** ECT - CPS has proven to be non-toxic but not recommended for ingestion. **PROTECTIVE CLOTHING:** Always wear protective clothing and goggles when using any kind of liquid material. Manufacturer / seller makes no warranty of any kind, expressed or implied, except that this product shall be free from defects. Buyer remedies for breach of warranty are limited to replacement of the product or refund of purchase price if it is defective at manufacturer's / seller's option. Buyer assumes all risk and liability resulting from the use of and disposal of this product. This warranty may not be altered, modified or expanded by oral statement or any person, agent or dealer before, during or after the sale. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.
